

International Anti-aging and Regenerative Medicine Organization (IARO)

The 2nd International Symposium

2024. **6.19** (Wed.)

IARO is a group of experts who continue to select and research new technologies to provide “proper” regenerative medicine based on academic evidence, so that people around the world suffering from illness can regain their physical and mental health.

We are pleased to host an international symposium to discuss the state of regenerative medicine in each country and the research of our members who are at the forefront of their specific fields.

Meeting Outline

Date: June 19 (Wed), 2024

Venue: The University of Tokyo, Ito International Research Center, B2F Ito Hall

Content: Presentations and discussions on the latest trends in anti-aging and regenerative medicine from each country and research conducted by our members.

Fee: 10,000 JPY (advance registration required)
